Dear Parents/Guardians

I hope this letter finds you well and that you are keeping warm.

We are all aware that we are still in the midst of the COVID-19 crisis and currently under level 4 lockdown. The Department of Education is currently putting measures in place so that schools are ready to receive the learners and staff for physical teaching and learning. The Minister of Basic Education, Mrs Angie Motshekga, said that the schools will be reopening through the phased-in approach. We will continue to keep parents/guardians informed as and when we receive updates from the Department of Basic Education.

The school will continue with its remote learning programme. We acknowledge that the remote learning programme has a number of hitches, hence the school is improving the programme as we receive suggestions and concerns from parents/guardians. We encourage you to continue to support your children by monitoring their activities, communicating with the Grade guardian (if there is a need) and making sure that they have a conducive environment to do their school work. It is very important to encourage this independent study behaviour; it will assist learners enormously in the near future. We strongly believe that the remote learning programme also enhances our core values: Accountability, Integrity, Perseverance, Respect, Punctuality and Excellence. The enhancement might not be noticeable to all now, however, it will be noticeable as they pursue the Higher Education sector and eventually their workplace.

We wish to thank all the parents/guardians who have responded positively to our plea concerning the payment of school fees. We urge parents/guardians to continue to pay school fees.

Please continue to regularly check our website and Facebook page for new information.

As we continue to uphold the regulations of level 4 lockdown, we remind ourselves that God is our strength and our salvation particularly in times of distress. We need to start each day with hope in our hearts, because of His strength. We need to rest in Him, so that our hearts can be strengthened and renewed.

Mr P.M. Medupe
Acting Headmaster
