Silvies@60 – Honour the Past, Shape the Future

1. MOTIVATION FROM THE HEADMASTER

The smooth running of the mid-year examination session is a clear sign of what is possible when learners, parents, guardians and staff work together. As Headmaster, I am encouraged by the discipline, cooperation and calmness shown during this period. We are grateful to parents and guardians who ensured that learners arrived on time, properly dressed and ready to write. Thank you for standing with the school and with your children.

2. FINISHING THE EXAMINATION SESSION STRONG

Learners must keep the same spirit until the final examination responsibilities are completed. The eagle does not relax before reaching the mountain top; it remains focused until the journey is complete. Let us finish strongly, with respect for examination rules, punctuality and pride in our school uniform.

3. NORMAL CLASSES RESUME

Normal classes will resume on Tuesday, 23 June 2026. All learners must attend school as they will go through their examination scripts. This feedback session is extremely important because it helps learners understand where they did well, where they lost marks, and how to improve for Term 3.

4. IMPORTANT ADMINISTRATION NOTICES

Monday, 22 June 2026 will be utilised for learners who must write catch-up examination papers. Learners must submit a valid medical certificate. Learners attending initiation school must submit their official letters to the Headmaster's Office.

SILVIES@60 ACADEMIC TARGET

Every learner must continue to aim for 60% and above in all forms of assessment. Feedback is not the end of learning; it is the beginning of improvement.

60%+

5. BEST WISHES TO SILVIES MELODIES

Silvies Melodies participate in the Provincial Championships today in Johannesburg. We wish them confidence, joy and excellence. May they carry the pride of Hoërskool Silvertown with honour. We are behind them all the way.

6. REPORT CARDS AND SCHOOL FEES

Term 2 report cards will be issued on Friday, 26 June 2026. The collection times will be communicated in the coming week. Parents and guardians are encouraged to continue paying school fees, as doing the right thing strengthens teaching, learning and learner support.

7. HOLIDAY CLASSES: GRADES 11 & 12

Please note that there will be holiday classes for Grades 11 and 12. Details will be shared next week. These sessions are important for strengthening content, preparing for the next assessment cycle, and supporting our senior learners towards success.

8. FAMILY MOTIVATION AND TASK

Family motivation: A strong learner is supported by a strong home. This weekend, remind your child that marks are not only numbers; they are messages that show us where to grow.

Weekend family task: Spend 30 minutes reviewing one subject together. Ask: What went well? What must improve? What support is needed at home? End the conversation with one positive affirmation.

Strong homes build focused learners.

9. IN CLOSING

Thank you to our parents, guardians, staff and learners for making this week meaningful and orderly. Let us continue to work together with one purpose: excellence in teaching, learning and character.

May the weekend bring rest, reflection and renewed energy. Let us return ready for feedback, correction and growth.

Regards

Headmaster: Mathibedi-wa-Medupe
